Tourism, Parks, Recreation and Culture

Notice of Intention to Designate a Provincial Historic Resource

(Historical Resources Act)

File: Des. 2145

Notice is hereby given that sixty days from the date of service of this Notice and its publication in the Alberta Gazette, the Minister of Tourism, Parks, Recreation and Culture intends to make an Order that the site known as the:

Sharman House, together with the land legally described as:

Descriptive Plan 0525949

Block 1

Lot 1

Excepting thereout all mines and minerals.

Area: 2.47 hectares (6.1 acres) more or less

and municipally located near Onoway, in Lac Ste. Anne County, Alberta be designated as a **PROVINCIAL HISTORIC RESOURCE** under Section 20 of the HISTORICAL RESOURCES ACT, R.S.A. 2000 C. H-9.

The reasons for the designation are as follows: The heritage value of the Sharman House lies in the excellent craftsmanship evident in its split fieldstone construction and the home's picturesque aesthetic appeal.

The earliest settlers in the Onoway area preceded both the arrival of the Dominion Lands Survey in 1904-05 and the coming of the Northern Alberta Railway line in 1909. One of the region's pioneers was Thomas Sharman, an Irish farmer and stonemason who took up land in the district in 1903. In the process of clearing his fields, he amassed a huge collection of fieldstones. In the mid-1920s, Sharman decided to make good use of his quarry; with the assistance of his son and some local neighbours, he designed and built the Sharman House. Sharman's craftsmanship is evident in the quality of the split fieldstone masonry and the solidity of the building, which consists of two-foot thick walls set atop a board-formed concrete foundation of equal thickness. His aesthetic sensibility is reflected in the picturesque composition of the various colours and shapes of stones and in the irregular plan of the home. It is also apparent in the blending of Queen Anne and Craftsman style architectural elements Sharman incorporated into his home, including the exposed rafter ends, four-panelled wood doors, four-over-one single-hung windows, and plain fir stair with square newels and square spindled balustrade. The well-conceived marriage of materials, craftsmanship, and architectural sensibility has imparted to the Sharman House its distinctive character and charm.

It is therefore considered that the preservation and protection of the resource is in the public interest.

Dated this 30th day of March, A.D. 2007.
