Environment and Parks

Notice of Intention to Establish Bighorn Country

(Wilderness Areas, Ecological Reserves, Natural Areas,
Heritage Rangelands Act)

Alberta Environment and Parks is proposing Bighorn Country as a way to strengthen the existing management of public lands in the western part of the North Saskatchewan Region, from the boundary of Banff National Park eastward towards Drayton Valley. The area includes most of Brazeau County and the current Bighorn Backcountry management area. The goal is to ensure safe and positive outdoor recreation and tourism experiences; protect critical headwaters and the environment; and continue to support the opportunities this area provides to Albertans. Bighorn

Country includes expansion and/or establishment of eight parks and protected areas and establishment and/or amendment of two Public Land Use Zones (PLUZ).

Your feedback is important to us as we continue to better understand how conservation and recreation management in Bighorn Country will shape our social, environmental and economic values on this multi-use landscape. This is a shared responsibility.

As part of this proposal, it is the intention to disestablish the existing Kootenay Plains Ecological Reserve, and designate its existing land base as a special protection zone within the proposed David Thompson Provincial Park. These lands would be managed through the use of a combination of legislative and policy tools with the intent of maintaining current levels of protection for the many natural and cultural features of this area. The current Kootenay Plains Ecological Reserve is located approximately 20 kilometres east of the Banff National Park boundary, straddling both Highway 11 and the North Saskatchewan River.

The proposed action is subject to Cabinet approval. If approved, the effective date of this proposed action will be 60 days or after, from the date of this notification.

Further information on the proposed initiative, including the legal description of the land currently designated as the Kootenay Plains Ecological Reserve, and an online survey are available at: <https://talkaep.alberta.ca/bighorn-country>

Written submissions can be made to Philipp Hofer, Regional Director, Alberta Environment and Parks at aep.bighorncountry@gov.ab.ca

Comments will be collected until January 31, 2019.
